

Release Schedule

The following tables outline the dates for forthcoming scheduled releases. Please note these dates may vary by a few days either way depending on release testing.

In General:

- The target for Iteration Releases from the rdk-dev branch is the first week of each month. There is no Iteration Release in the month of a Quarterly Release.
- The target for Quarterly Releases from the rdk-next branch is the middle of the last month of the quarter.
- The availability of each new rdk-dev-yyyy branch is targeted for the first week of the month
 - For example, the 1905 branch is created in the first week of May and the Iteration Releases from that branch will be available in the first week of June.
